INGREDIENT HIGHLIGHTS

SAW PALMETTO FRUIT FATTY ACIDS

Derived from the berries of the saw palmetto tree, these fatty acids may help support urinary function and boost libido.*

LUTEIN

Antioxidants like lutein may help prevent the peroxidation of fats and cholesterol in the blood, thereby reducing plaque buildup in arteries.*

LYCOPENE

A plant nutrient with powerful antioxidants, lycopene may have protective benefits for the prostate, heart, eyes, skin, and other areas of your body.*

FAQs

Q: Why is prostate health important?

A: The prostate is a walnut-sized gland in men. But with age, the prostate slowly increases in size and can cause health problems. The prostate disease mature men most often encounter is benign prostatic hyperplasia (BPH), which prevents urine from flowing easily from the bladder to the outside of the body. Although benign, this condition disrupts sleep and can even cause serious problems requiring treatment.

Q: Why is Dr. Chen® Men's Formula® ideal for prostate health?

A: While most brands that claim to support prostate health use only a single ingredient, Dr. Chen® Men's Formula® contains a concentrated, synergistic blend of beneficial herbs, including saw palmetto, fatty acids, and protective carotenoids like lutein and lycopene. Our advanced formula effectively enables men to enjoy a good night's sleep without the disturbance of frequent urination.*
